

CHILDREN'S Orthopedic & Rehabilitative Footwear

Introduction:

Mt. Emey® has been the leading manufacture of children's therapeutic and orthopedic footwear for stability and rehabilitation purposes since 1992. Mt. Emey® is known for its true wide widths shoes of superior quality, good-fitting and first-class walking comfort. Mt. Emey® has always been the manufacturer who supplies special foot care products & services for any pedorthic need of foot problems.

By implementing a distinctive 'Match & Make' program, we offer wide range of widths & sizes:

- **Sizes:** Toddler: 4 to 11 (full size)
Youth: 12, 13, 1, 2, 3, 4 (full size)
Adolescence: 4.5, 5, 5.5 to 10.5, 11 (full & half size)
- **Widths:** Medium(B/D); Wide(3E/2E); X-wide(5E/4E)

by supplying products and services with:

- Extra depth wide shoes in straight lasted
- toeing-in lasted shoes to anti-pronation
- toeing-out / reverse lasted shoes to anti-supination
- navicular strapped booties / ankle supportive high boc
- rocker soled shoes / oil & slip resistant soled
- elastic uppers /stretchable vamps
- Off-the-shelf / custom made / footbed inserts
- outsole and/or uppers modification, e.g. lifts for LLD
- custom made shoes/boots based on foot casts
- and more...

also with varieties of choices of footwear / footcare open-stock items ready to ship from single shoe, or mis-matched sizes, mis-matched width shoes/inserts, to especially small or big sizes, widest & or deepest shoes, we have it all at a one-stop shopping service, year round!
